

## FABRIC REPAIR STRIPS

Fusion Fabric Repair Strips are ideal for the repair of puncture or gouge damage to the conveyor belt as well as longitudinal rips. Fabric reinforcement provides longer term security over our standard strip.

### FEATURES:

- Won't damage the conveyor belt
- Allows the belt to be back in service in a matter of hours
- The repair may last as long as the original belt remains in service
- All strips feature a bonding layer which offers excellent adhesion to the conveyor belt
- Repair strips are available in various widths
